LETTER FROM THE DIRECTOR

Dear Friends,

Martin Luther King Jr., in a commencement address in 1965 said it best when he pointed out, **"I can't do well if you don't do well, and you can't do well if I don't do well."** Our interconnectedness in undeniable. Each of us needs to be operating to our fullest potential if we, as a community, are to realize success. All of us *need* to be caring, productive and responsible citizens. To deny or inhibit one community member's opportunity at realizing their potential, diminishes *our* success and *our* potential.

So how do we get members in our community to "do well"? I will argue that the single most important thing we can do as a community is rally around our youth, opening doors that give them every opportunity to realize their fullest potential. From birth until they leave the nest, our kids must have an experience that is rich with unconditional love, mentorship, expectations, challenge, and encouragement. Building strong, confident, responsible, and caring children allows them to take their place in this world. All of you reading this message are a product of such an environment. Furthermore, you've likely provided this same nurturing environment to your own kids- they, like you, are "doing well". But what about the other children in this community that also need to be doing well? The ones who have been witnessing drug abuse in the home, the ones that aren't challenged and supported in their effort to try out for the school choir, the ones who come from homes without a family culture that supports education, the ones who don't have a reliable adult mentor in their lives…what about them? We *need* them to do well so that we all can realize success in this community.

"Our future relies entirely on the collective effort we pour into our children." As Boys & Girls Clubs of Bloomington donors, partners, advocates, and volunteers, you join the collective effort to support our youth who are going to be a part of the bigger picture. You help open doors for kids that will transform their life and put them on their path to a greater future. You leave a legacy to this community like few others. You make sure, for the good of *all,* that our kids end up DOING WELL. Thank you.

Sincerely,

Jeffrey P. Baldwin, Executive Director
Boys & Girls Clubs of Bloomington

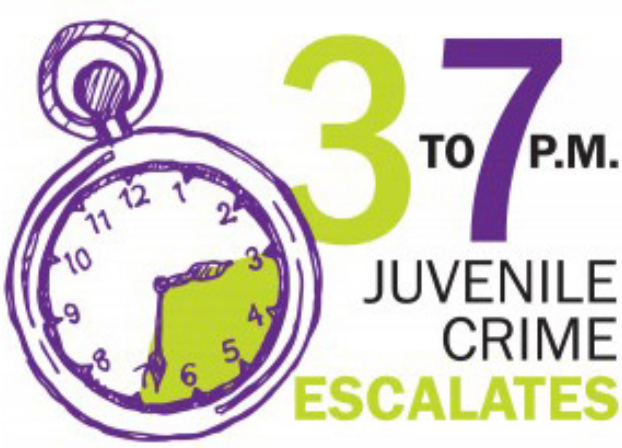
DAILY IMPACT

Over **1,700** registered members in 2015.

More than **50%** of members attend regularly.

As many as **450** kids each day after-school.

The Boys & Girls Clubs of Bloomington provides a
SAFE & SUPERVISED
place for kids to be after-school and in the summer!



67% OF ALUMNI SAY THE CLUB
"kept me out of trouble with the law."

ACCESSIBILITY

Accessibility lies at the core of our mission. All are welcome. For only **$20** per child ($5 for members of the Crestmont Unit) annually, kids can become

CLUB MEMBERS

Included for all Club Members for no additional charge:

- Transportation from school to the Clubs each day
- A healthy snack for every child each day (a full meal at Crestmont)
- A safe environment
- Access to more than 70 specialty programs run by youth development professionals (see page 7 for all the program offerings)
- Supervision by trained, caring, and responsible adult mentors

ACHIEVEMENT

The achievement gap between children from high and low income families is roughly 30 to 40% larger among children born in 2001 than among those born 25 years earlier.

The Boys & Girls Clubs of Bloomington closes this gap by providing children from lower income families additional chances to further their educational pursuits and participate in growth enriching activities.

kids **won't graduate** on time

PROGRAM OFFERINGS FOR MEMBERS

Opening doors includes introducing kids to new skills, hobbies, interests and activities that they may not otherwise be exposed to. At no additional charge the Clubs offer specialty programs to all kids who attend. Programs fall under our three key focus areas: Academic Success (including the arts), Character & Leadership, and Healthy Lifestyles. In 2015, those programs included the following:

ACADEMIC SUCCESS

Art Club
Art Cyclone
Art Invasion
Builder & Engineering Club
Butterfly Kisses Dance
Ceramics
Chemistry Club
Choir Club
Club Penguin
Club Tech
Digital Photography
Drama Club
Earth Club
Ecology Club
French Club
Garden Club
Girl Scouts Science Club
Guitar Club
Handwriting Club
Indiana Kids Tutoring Program
Jazz Club
Jewelry Making Club
Mad Scientist Club
Math Club
Photography Club

Triple Play Healthy Lifestyles
Wiffle Ball Club

UNIT: LINCOLN

PROGRAM HIGHLIGHT: FLAG FOOTBALL

For the fourth year, the Lincoln Street Club offered intramural Flag Football to K-3 and 4-6th grade members. This program gave members a weekly opportunity to get outside and participate in a team sport. In 2015, Flag Football served 47 members.

Each practice was supported by 3 IU Athletics Interns who assisted with drills and basic skill-building activities. Program leaders stressed values like sportsmanship, fairness, respect and teamwork. What members ultimately found is that football is more than passes and touchdowns – it serves as a vehicle for important life lessons.

The final day of the flag football program was marked by a 'Super Bowl'. Participants' families and peers came to eat popcorn, see a Club cheerleading performance and watch the players compete for the win! Members played in jerseys provided by the Buffalo Wild Wings ALL STARS grant, which initially funded this program. Although the black team took home the victory, it's clear that all involved walked away with new perspectives on character.

TESTIMONIALS

- De'Shawn, age 11, stated that he "learned to trust his team" while Waylon, age 10 said he learned "to talk to people with respect."
- When asked what he the best thing about Flag Football was, Parker, age 10, felt that "everyone plays fairly."
- Connor, age 10, learned "you always treat each other the way you want to be treated."

SURVEY RESULTS

- 55% of participants surveyed felt that their willingness to "own up to mistakes" increased because of Fag Football.
- When asked to choose from a list of skills they thought they learned,
  - 80% chose 'teamwork'
  - 54% chose 'responsibility'
- 92% agreed or strongly agreed that they 'had fun' playing Flag Football

UNIT: ELLETTSVILLE

MEMBER HIGHLIGHT:
BRAD'S ACADEMIC SUCCESS

Brad is a teen at the Ellettsville Club who was so far behind in his schoolwork that he was nearly failing every class in seventh grade. His parents were having difficulty getting him to do his homework at home, and his inclusion teachers were having a hard time getting him to work at school as well. Facing the reality that he might have to repeat seventh grade, his parents reached out to the Ellettsville Club to help him get caught up before the end of the term.

Brad's full support group chipped in to help him catch up. After-school time at the Club was used to work on past due assignments. The Club's Education Director started working one-on-one with Brad Monday through Friday, focusing his attention on the classes where he was furthest behind – Health class and Math class. Slowly, as Brad saw success in his work at the Club, he became more motivated to pass and started working even harder to get caught up.

With the attention Brad received from the Education Director and the support from the rest of the Club staff, Brad's stress level associated with doing his homework was greatly reduced. This shift in his attitude allowed him to believe that he could raise his grades to pass his classes. The support he received boosted his confidence and self-worth so much that he started coming to the Club with a helpful attitude and increased positivity. As his mindset changed, Brad's parents and inclusion teachers were also able to see improvement in what they were doing every day to help him complete his assignments.

At semester's end, Brad was passing almost all of his classes and is on track to graduate seventh grade. His success is a testament to the value the Club places on the success of every child and the dedication of the staff to help all members reach their full potential as caring, productive and responsible citizens.

UNIT: CRESTMONT

VOLUNTEER HIGHLIGHT:
LEGO LEAGUE

Lego League is a STEM Program that introduces science, technology, engineering, and math to 4th-8th grade Club members by having them problem solve, design, program, and construct a Lego robot. Members then take their robot to competitions to face off against teams from all across the state.

This was the Crestmont Unit's first year involved with Lego League, and it seems as though our team, creatively named by members as the "Westside Rollers", has a bright future thanks to two volunteer coaches from Crane Division of Naval Surface Warfare System. Engineers Nancy Goss and Heather Markey led the group of eight Club members 4 hours a week for 8 weeks. Nancy and Heather also assisted with the program's curriculum creation, helped build camaraderie among the team by securing team t-shirts, and participated in several showcase events outside of their regular volunteer commitment.

In November, the team competed in Columbus against 25 other teams from across Indiana. This served as a great opportunity for members to engage with their peers of all different backgrounds and put their robot to the test. As a result of their hard work, the Westside Rollers took home two trophies: 2nd Place in Research and 1st Place in Lowest Standard Deviation (Most Consistent Scoring). Congrats Westside Rollers and thank you to our hard working volunteer coaches!

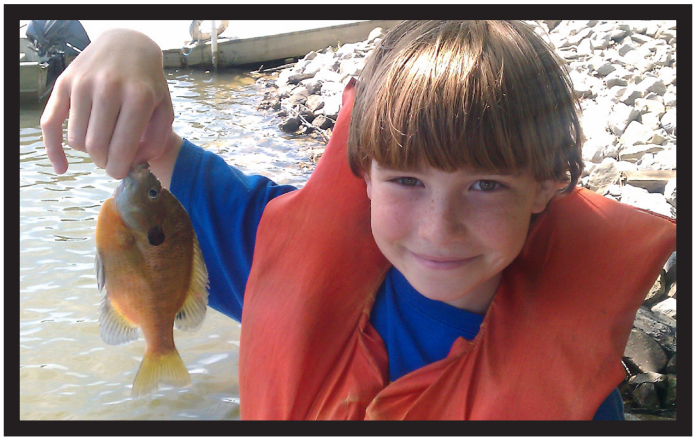
CAMP ROCK

Located on Lake Lemon in Unionville, Indiana adjacent to Riddle Point Park

Served 213 individual campers in summer 2015!



3 former campers were hired as 2015 Summer Staff!

8% camper increase from 2014 summer camp - the most campers ever!

$7,862 in scholarships were awarded to 36 kids representing 24 different families!

PARENT SURVEY

PERCENT OF PARENTS WHO AGREED OR STRONGLY AGREED:

98% their child was safe at Camp Rock

96% Camp Rock provided an environment in which it was possible for their child to succeed

94% their child learned some form of independence skills while at camp

94% learned responsibility skills as a result of the Camp Rock Program

CAMPER FEEDBACK

I learned about being responsible. One week I lost my water bottle and that taught me about being more responsible with my belongings.

Chloe, 11

I learned how to cooperate with my friends, [make] new friends, [and] find activities that I like.

Surya, 10

I really enjoyed learning archery for the first time.

Julia, 11

I learned that I like to be at lakes and go hiking and go fishing or boating. I didn't know I liked that before.

Thea, 7

I learned about how to help others and work in a community

Gabriel, 9

BUTTERFLY KISSES

The Butterfly Kisses Dance promotes healthy father/father-figure & daughter relationships and gives these families a moment to create memories. Not only is this a chance to bond, but fathers/father-figures have the opportunity to develop their daughters' positive self-image and set a standard of expectation to be treated with respect by the men in their lives.

In 2015, we again hosted around 250 couples (more than 530 people) at the Warehouse! They enjoyed food, games, arts & crafts, treats, a photo booth, and dancing. This is a free community event open to anyone who wants to attend. Butterfly Kisses Dance is becoming an annual tradition for many fathers/father-figures and their daughters. We are proud to provide this

LEMONADE DAY

Lemonade Day is a free, fun, hands-on program that teaches youth how to start, own and operate a business – a lemonade stand! This outreach teaches 14 lessons in entrepreneurship, including creating budgets, repaying investors, setting profit-making goals, and much more. Lemonade Day helps kids solve problems and gain self-esteem for future success. Our young entrepreneurs keep all the money they make, and are encouraged to "spend a little, save a little and share a little."

This past year, Lemonade Day registered 353 kids in Monroe County. Each stand had an average total revenue of over $200. One young entrepreneur made over $600! From the revenue, participants choose how to spend their earnings. Many bought something nice for themselves as a reward for their hard work. They were also very generous, donating nearly $7,500 to local charities. Saving money for goals in the future was also a common practice among our participants as 60% opened a savings account.

Lemonade Day continues to grow and is a quality community program for all kids to have the opportunity to become caring, productive and responsible citizens.

SUPPORTING OUR YOUTH

The Boys & Girls Clubs of Bloomington would like to extend a sincere "thank you" to our 2015 corporate and civic sponsors. The generosity of corporate and community donors helps close the financial gap that exists in providing services to the community youth who need us most.
