

WHAT DOES 20% MORE DO?

**BOYS & GIRLS CLUBS
OF BLOOMINGTON**

As we continue to monitor developments and safety regulations relating to the COVID-19 (Coronavirus) Pandemic, our mission still holds true:

To empower all young people, especially those who need us most, to reach their full potential as caring, productive, and responsible citizens.

The Boys & Girls Club of Bloomington is committed to remaining OPEN. Now more than ever, we are honored to serve the youth of our communities and strive to be flexible when we are called upon to either offer our traditional after-school programs or safely host a place for full-day eLearning camps when schools are closed.

Why give 20% more?

The Club is committed to keeping fees for families low even though **our operating costs have substantially increased**. We're able to do this thanks to the generosity of donors like you. **20% MORE** allows the Club to provide:

- "Youth pods" of no more than 20 to limit direct contact within the Club
- Enhanced daily cleaning procedures
- A snack for all kids who attend the Club every day and breakfast and lunch for kids who attend e-Learning Camps while schools are closed.

Can you give 20% MORE for our kids?

The world is complicated.

Helping kids is simple.
