What Does **SMART** Girls, **STRONG** Women Support?

An immensely beneficial program that directly impacts Club females, **SMART Girls** is a health, fitness, prevention/education and self-esteem enhancement program for girls ages 8-17.

SMART Girls offers young women guidance toward healthy attitudes and lifestyles, eating right, staying fit, getting good health care and more!

SMART Girls helps young women reach their full potential. Through dynamic sessions, group activities, field trips and mentoring opportunities with adult women, Club girls enjoy life-changing opportunities to build skills for eating right, staying physically fit, getting good health care, and developing positive relationships.

Other topics addressed with older girls include how the media influences attitudes about females, date rape and sexual harassment, sexually transmitted diseases, sexual myths and truths, getting regular gynecological care and the physical and emotional changes girls experience in their lifetime.
